Ceia Parts

As the UK Distributor, with the support of CEIA itself, we are able to provide every part you may require. Whether it is a consumable item or a specific circuit board, we can supply it!

Non Ceia Parts

MDS understands that its customers may have various makes of metal detectors within their factory. As part of our philosophy of providing the very best service we can, we also hold a large stock of non Ceia parts.

Test Samples

Certified and traceable test samples are a must in order to confirm the correct operating condition of your metal detector. We are able to supply a range of standard test samples with ball sizes from 0.2mm to 20.0mm
